23 September 1992

# BESSELAAR

Dear

You have been selected to take part in the Air Quality Survey which is due to commence on Tuesday 6th October 1992.

**Please note that the timings for delivery and collection of the monitors have changed.**

Work or Home address in Leeds 0900 - 1200 hours

Work or Home address in Harrogate 1400 - 1700 hours

You will have to be available either at home or at work between the above hours, as it will be impossible for us to give an exact time for delivery/collection of the monitors.

Five monitors will be delivered every day (including Saturday and Sunday) commencing on Tuesday 6th October until 280 results have been recorded. It is hoped that the study will finish after 7/8 weeks. Volunteers will receive their payment 10-14 days after they have successfully completed the 24 hour monitoring period.

Given the above information, if you are still available to take part in the study, please give Julie a ring on the free phone number (0800 591 570) so that we can issue you with a date and take a note of the address you wish the monitor to be delivered/collected from.

Brussels, Belgium	Princeton, USA
Maidenhead, UK	Nashville, USA
Leeds, UK	St. Davids, USA
Munich, Germany	Madison, USA
Zurich, Switzerland	West Palm Beach, USA
Paris, France	Sydney, Australia
Stockholm, Sweden	Tokyo, Japan
